

Paul Smith

Paul Smith London for Spring Summer 2010 is based on traditional English tailoring. Cloths are lightweight for summer; super fine wools, pure cottons and linens. The palette combines black, white and blue with summer pales in checks and seersuckers for an elegant summer feel, with mother of pearl and horn buttons adding quality detailing. A slimmer, shorter silhouette in suiting can be seen alongside traditional classic fits.

The 'Westbourne' two button grey suit with light green over check and sky blue and green stripe shirt with contrast collar and cuff.

Paul Smith

The 'Westbourne' two button light grey Prince of Wales check suit and cotton and linen mix button down mauve stripe shirt.
